

CREATION VERSES EVOLUTION, SCIENCE, (THE LIES OF EVOLUTION & SCIENCE).. SPIRITUAL WARFARE (DIMENSIONS) TWO SEEDS PART 2 OF 3

You will find that what Believers in the Creator call faith, the evolutionist call theory. The evolutionists seem to agree that all matter of the universe was created about 14 billion years ago, yet they still can't explain where that so-called matter came from. A hopeless circle they go around, like a dog chasing its tail.

Yahveh created the heavens and the earth spoken of in the beginning of Genesis. In Genesis it is speaking of the heavens (solar system) and earth. No more is added to it. It is not describing the creation of the universe. There already was a universe, it just explains what took place after that when earth was formed.

SPIRITUAL WARFARE

THE THREE DIMENSIONS OF THIS WORLD VERSES THE UNLIMITED DIMENSIONS OF HIS WORLD

Many scientists have come to the conclusion that there are three dimensions that we live in on earth. They now understand that time is not a fourth dimension, it is part of creation. In the last fifty or so years scientists claim to have found about seventeen different dimensions, and claim that there may be as many as thirty.

What Yah has created is not limited to three dimensions. Time means nothing to Yah, because He deals with eternity. Time does not constrict Him in any way. Yah is outside of time.

When we live on earth we are restrained to the physical dimensional laws established on earth; gravity, magnetism, a strong nuclear force, a weak nuclear force, etc. When we follow His spiritual laws we are dealing with a spiritual dimension, or dimensions, outside the accepted three dimensions. His spiritual laws rule in all dimensions. This is one of the reasons a true born again believer can stand up and proclaim things that would be considered impossible, miracles. In this realm it may be impossible, but when you consider all realms of the spiritual, it is possible. With prayer and supplication we can and do speak spiritual things into existence. Healing is a good example. With the leading of the Ruach Hakodesh for example; when we speak physical or mental healing, the spiritual laws we are calling upon (spoken under His authority), supersede the physical laws of our three dimensional world. This is exactly what spiritual warfare is all about. We are speaking supernatural spiritual laws into existence, having them manifest in our three dimensional physical world. When we do these things, they are not to be considered miracles because that is exactly the way it is supposed to be for His anointed people. They are not miracles, they are simply manifestations of His spiritual laws coming into existence in this world that we presently live in. In a sense, what is commonly called the supernatural is really the natural spiritual world, and what we live in is the abnormal supernatural realm. What He created for us born again believers is dimensionless and natural, what we live in is restricted and abnormal, unnatural.

A child of the Most High may physically live in this three dimensional world but he has the power and authority to call upon and manifest the laws of all dimensions. Our spoken words are vehicles (vessels), in which these spiritual laws are transported.

The more we learn about the truth of His ways, the more we can relate to and live in His world (Kingdom), outside the three dimensional world we are physically restrained to. Because we physically live in this dimension, our bodies and minds are still susceptible to the diseases and problems of this physical world. The "temple being inside of us" idea (1Cor. 6:19), is the ability for our words to spiritually cross unrestrained through all dimensions and stand, lay claim to, the spiritual laws available to all His children.

1Cor. 6:19 *Or do you not know that **your body is a temple of the Holy Spirit** who is in you, whom you have from God, and that you are not your own?*

This is what is meant when we say the torah instructions are spiritual, not just physical. The spirit of the torah gives us the unrestrained authority to speak into existence things which are considered miracles and supernatural. They may be considered supernatural to those of this world, but they are simply the natural laws of those of us who love Him and keep His commandments. The amount of power and authority with which we can make manifest things, using these spiritual laws outside the world's dimensions, depends on our level of anointing as servants of Yah.

We, as mortals, can and are subject to the physical laws of earth, yet we as born again children of the Most High, have the option to call upon the spiritual laws outside the three dimensional realm of the world. That is what is meant by the power of the name and the blood. When we call upon the spiritual laws of all dimensions, to manifest in this realm, we are using the authority He has made available to those of us who are His servants, those of us who obey His word. We are now mere mortals with our spiritual body simply covering us so we can temporarily live in this world. We may be in this world, but we are certainly not of it. We are actually like aliens here, visiting and waiting to get on our way to His eternal world outside time.

Science based on time..speed.

ACTIONS OF A FORCE THAT GOVERNS EVERYTHING

One of the most respected scientists of today says he has found evidence of the action of a force "that governs everything."

The Japanese theoretical physicist Michio Kaku claims to have developed a theory that might point to the existence of God. He has concluded that the action of a force that governs everything, a fingerprint of God the Creator, can be found in physics. The information has created a great stir in the scientific community because Kaku is considered one of the most important scientists of our times, one of the creators and developers of the revolutionary String Theory which is highly respected throughout the world.

To come to his conclusions, the physicist made use of what he calls "primitive semi – radius tachyons".

Tachyons are theoretical particles capable to "unstick" the Universe matter or vacuum space between matter particles, leaving everything free from the influences of the surrounding universe.

After conducting the tests, Kaku came to the conclusion that we live in a "Matrix". "I have concluded that we are in a world made by rules created by an intelligence", he affirmed. "Believe me, everything that we call chance today won't make sense anymore." "To me it is clear that we exists in a plan which is governed by

rules that were created, shaped by a universal intelligence and not by chance."

"The Higgs Boson" (Big Bang Theory)

In 2012, utilizing the most powerful particle accelerator on earth (Hadron Collider), Scientists discovered for the first time, what they would call "The G-d particle", an element believed to be responsible for giving mass to all particles in existence, in layman's terms, "Holding all matter together". The bible confirms that "By the word of Yahweh All things are held in existence, seen and unseen". Quite the interesting confirmation of, in fact, that which scriptures have stated for many thousands of years.

"2021-2022, Sabbatical Year"

"The X particle" (Big Bang Theory..Generation "X")

Recently (Jan/22), Scientists discovered what they are calling "The X particle". This particle is believed to have come into existence 1 millionth of a second

after "The Big Bang"! It is considered the exact "Starting point" of ALL Existence! Yahweh also begins the creation account in Genesis with A BIG BANG! "And Elohim said LET THERE BE..... AND IT WAS SO."!! I must assure you that for all of creation to begin, A MASSIVE AMOUNT OF ENERGY was brought forth! Yet again, we find science affirming that which Yahweh stated plainly around 6000 years ago, in human history!

What is most interesting is the fact that they chose, specifically the term "X particle"! In biblical Hebrew, the language that Yahweh inspired the bible in, The final letter of the Hebrew Alphabet is "Tav"! Tav, anciently it appeared similar to an "X", "The End, Covenant, or Sign"!

There is a generation of society born from 1960-1981 that is called "Generation X"! The most rapid decay in human morality has occurred from the 1960's to present! In no other period of history has the moral fabric of society seen such radical anti biblical lifestyles and civil ethics decline, in such a short span of time!

Food for thought.

EMPIRICAL SCIENCE

Empirical science is that which can be tested and proven. Under controlled conditions things can be duplicated and the same occurrence happens every time. True empirical science is in total harmony with scripture. There is a law called "the law of biogenesis", if you have a theory and it violates a known law then by definition, according to known science, that theory can never become a law. Evolution is not science, nor can it ever be because it violates this law of biogenesis.

IMPERIAL SCIENCE

Imperial science is a system that controls your thinking. A so-called scientific system that controls the way we think today. **We have been trained to think that the THEORY of evolution, even though its originator Charles Darwin debunked it, is actually a fact. We have been brainwashed into believing it is truth when in fact it has never been proven. It is pure unadulterated HOGWASH.** People who believe things like this oppose the idea of creation because they have been told that creation is a religious concept, that it opposes science, and evolution is science. Satan brought into existence the idea of evolution long before Darwin, and it has affected the way secular mankind thinks. It has affected our morality (immorality), the way we treat each other, abortion, how we see marriage, wars, health, and nutrition. Evolution is the background of most major religions, Buddhism, Confucianism, Taoism, Hinduism, Sheikism, Shintoism, Mormonism, Animism and all the New Age religions. Evolution itself is a religion. **Evolution is a belief system for people**

who refuse to recognize an all powerful creator. They do this because once they do, then by definition they would have to be responsible to that creator for their own actions. Many in mankind simply refuse to accept their responsibilities, so they follow a system like evolution so they are not held responsible for anything in their lives or in the lives of others. There is no question that the evidence available is hugely in favor of intelligent creation. We have a Book available to us written by Yahveh who says He was there at the beginning and few want to believe it, yet we have books written by many who were not there at the beginning, yet people believe what they have to say. It makes no sense in the simplest manner. Obviously there is a flaw in that view.

SCIENCE FOUND IN SCRIPTURES:

The following is a brief list of where science is found in scripture:

The science of motion (cause and effect): Gal. 6:7, Job 4:8,
 The science of hydrology (the properties of the earths water, its movement in relationship to land): Eccl. 1:7, Isa. 55:10,
 Evaporation can be found in Psa. 135:7, Jer. 10:13,
 Condensation can be found in Job 26:8, 37:11, 16,
 Precipitation can be found Job 36:27-28
 Oceanic reservoir: Psa. 33:7
 Hydrologic balance: Isa. 40:12, Job 28:24-36,
 Thermodynamics is the study of heat, the dynamics of energy.
 Science of energy: first entropy law of thermodynamics: [first..nothing changes in and off itself] Gen. 2:2, Eccl. 1:9-10, 3:14-15, Nem. 9:6, Isa. 40:26. Nothing is now being created and nothing is being destroyed. Genesis says it was finished and Yah was pleased with what He had created, "they are good". **Eccl. 1:9-10** "That which has been is that which will be,

And that which has been done is that which will be done. **So, there is nothing new under the sun. Is there anything of which one might say, "See this, it is new"? Already it has existed for ages Which were before us."** **Eccl. 3:15** **That which is has been already, and that which will be has already been, for Yah seeks what has passed by."** **2Cor. 4:18** while we look not at the things which are seen, but at the things which are not seen; for the things which are seen are temporal, but **the things which are not seen are eternal.**" The things that we see, things that have mass, is all temporal, but the things that are unseen (Yah and His Spirit), are eternal. Because these things are not made of mass, they are not subject to entropy. Things don't cease to exist, they simply change form. True empirical science now realizes this is the truth. Everything here is energy, (all mass and matter). That energy came into being when Yah's Spirit (divine energy), moved (manifested), upon the waters (Gen. 1:2). Energy enters into the universe, His vibration induces energy. When Yeshua died on the stake at Calvary, He simply changed from one form of energy (mass) to another. We will experience this same thing at the end of time when we are taken out of this world.

Only mass corrupts, things that are not mass do not corrupt, they are just as powerful today as when revealed 6000 years ago; "in the beginning". This explains why we are corruptible as a mass of energy, and why Yah is not corruptible because He is Spirit. We have the ability to take that energy now, manipulate it and change its form. That was the beginning of all things. Our physical bodies are very limited because we are corruptible compared to Yah's incorruptible Spirit body. When we get our new Heavenly bodies we will understand this concept.

Science of energy: second entropy law of thermodynamics: [second..everything eventually leans towards corruption..from order to disorder..from perfection to corruption] Gen. 2:17, 3:17, Rom. 8:20-22.

The second law of entropy (empirical law) of thermodynamics dynamics is the most certain and accepted laws of all laws of thermodynamics. It always wins in the end. It's called the law of conservation of mass energy. This law states that there is nothing being created and nothing being destroyed. **Nothing can create itself, something has to create it. It takes an outside entity to create something.**

These verses line up perfect with the second law of thermodynamics. Here we see science lines up perfect with scriptures. Things that exist don't simply go into non existence, they simply change form. This is the basics for the resurrection. As Einstein stated, everything here is energy (all mass and matter). That energy came into being in Genesis when the Spirit of Yah moved upon the water. **Gen. 1:2** "And the earth was formless and void, and darkness was over the surface of the deep; and **the Spirit of Yah was moving over the surface of the waters.**" Here we see energy from Yah's Spirit comes into the universe. His energy hovers above the waters and vibrates, if you will. This is the beginning of existence of everything. The origin of all energy.

Humans are able to change the form of that energy. Example: we can take wood and burn it and produce heat. Power plants are another good example. Man has learned how to control and manipulate the energy to produce things he requires. Science knows that the last form of energy is indeed heat. This heat

simply dissipates in the universe, it doesn't cease to exist. That's why when a person dies they get cold. Their energy dissipates into the atmosphere. Our body is constantly producing heat and when we die that heat must dissipate. The body then goes back to the dust from where it came, as per Genesis.

Science of geology (principle of isostasy): Isa. 40:12, Psa. 104:5-9,

The shape of the earth: Isa. 40:22, Psa. 103:12,

The rotation of the earth: Job 38:12,14,

Gravitation of the earth: Job 26:7, 38:6,

Rock erosion: Job 14:18-19,

Glacial period: Job 38:29-30,

Uniformitarianism (theory that changes in the earths crust have resulted from the action of continuous and uniform processes): 2Pet. 3:4,

Astronomy (the size of the universe): Isa. 55:9, Job 22:12, Jer. 31:37,

The number of stars: Gen. 22:17, Jer. 33:22,

The precision of orbits: Jer. 31:35-36,

The variety of stars: 1Cor. 15:41,

The science of meteorology (the circulation of the atmosphere): Eccl. 1:6,

The protective effect of the atmosphere: Isa. 40:22,

The oceanic origin of rain: Eccl. 1:7,

The relationship of electricity to rain: Jer. 10:13,

Biology in respect to blood circulation: Lev. 17:11,

Biogenesis and stability (hypothesis that living matter arises only from other living matter): Gen. 1:11, 21 & 25.

The uniqueness of man: Gen. 1:26,

The chemical nature of flesh: Gen. 1:11, 24-27, 3:19, 1Pet. 1:24-25,

Physics, the mass to energy equivalence: Hebr. 1:3, Col. 1:17,

Atomic disintegration: 2Pet. 3:10

Radio waves: Job 38:35,

NOTES

The speed of light has been slowing down over the years.

The earth is also spinning slower than it once was.

We know that the oldest known trees in the world are about 4300 years old.

They also estimate that the oldest known writing (pictographs) go back to around 5000 years ago.

Everything in existence comes down from Yah: Nem. 9:6, Isa. 40:26, Eccl. 3:14, 2Pet. 3:7, Col. 1:17, Hebr. 1:3,

LIKE KIND PRODUCING LIKE KIND (BORN AGAIN)

The law of life's kind means that something produces something the same. Mutations can exist but the principal is simple; something produces something the same from it. Death means a separation from the source of life. Yah is Spirit (life), and through His Spirit in us we are not separated, but a part of life for eternity, if we are "born again". When we are born again His Spirit gives life to our spirit and we have what the bible calls eternal life (2Cor. 4:18).

The spirit is eternal because it is unseen. That spirit is not subject to wearing out or corruption because

it is the spirit of life. What form the spirit exists in forever is not known. The body however changes back into the energy from which it was formed when it dies. Ashes to ashes, dust to dust.

The spirit is brought into existence by Yah. Yah created Adam in His image. Man came into existence as per Genesis, but he does not cease to have existence. He simply, depending upon his choice, changes form. That energy known as spirit, soul, and body, changes form the moment he is born again.

Because of the fall of man, Adam produces something after the likeness of himself, not the likeness of Yah. Originally man was made in Yah's image but because of the fall that image changed to that of Adam (Gen. 5). **That's why it is essential that we have a new birth, so that Yah's Spirit can give His life to us. That is "like kind producing like kind". Yah's divine light reflected in His born again children, separates them as set-apart from the darkness of all the others in the world.**

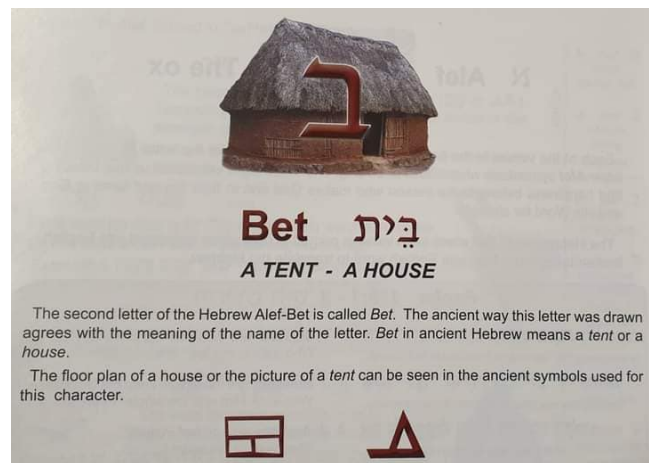

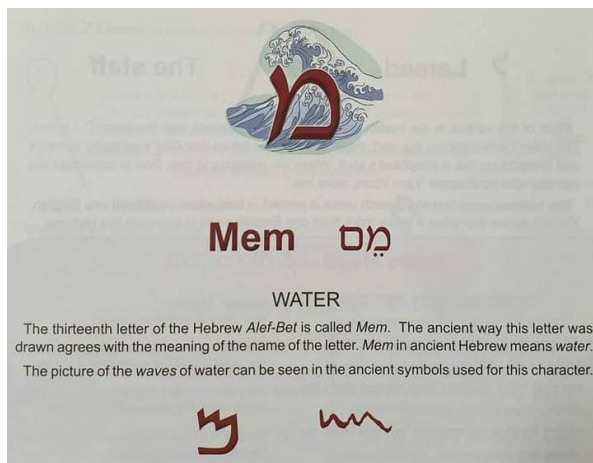

Once we are born again our life spirit cannot be corrupted. Our fleshly body eventually corrupts and deteriorates but not our unseen life spirit given to us by Yah.

1Cor. 2:10-16 *For to us Yah revealed them through the Spirit; for the Spirit searches all things, even the depths of Yah. 11 For who among men knows the thoughts of a man except the spirit of the man, which is in him? Even so the thoughts of Yah no one knows except the Spirit of Yah. 12 Now we have received, not the spirit of the world, but the Spirit who is from Yah, that we might know the things freely given to us by Yah, 13 which things we also speak, not in words taught by human wisdom, but in those taught by the Spirit, combining spiritual thoughts with spiritual words. 14 But a natural man does not accept the things of the Spirit of Yah; for they are foolishness to him, and he cannot understand them, because they are spiritually appraised. 15 But he who is spiritual appraises all things, yet he himself is appraised by no man. 16 For who has known the mind of the Yah, that he should instruct Him? But we have the mind of Messiah.*

Yah's children are born again not of a physical seed, but of the seed of Torah (Word). The Word is the seed from which we as Believers grow, and our fruit is the result of how much nourishment is given to the seed. This is the law of like kind. Something planted produces something alike. **Matt. 15:13** *"But He answered and said, "Every plant which My heavenly Father did not plant shall be rooted up."*

Elements of the Universe

The elements of the earth are exactly like the elements of the Word of Yah. When you combine elements you create something. When you combine two parts hydrogen and one part oxygen you get water, (H2O). If for example, you take H2O and decide to change it by adding one part hydrogen and one part sulphur, you create H2S, (Hydrogen Sulfide), gas in three parts per million. By taking and making one slight change in the elements you take what is water (life) and change it into sewer gas, death. This is exactly what happens when you take the Hebrew Words of our Torah and change them or add to them, you go from life to death. This is why Yah said in His Word to not manipulate it by adding or subtracting from it.

This is exactly how Yah created the Universe, His Words (elements) spoken brought into existence all of creation. Adam means the "elements of the earth". Adam was made from the elements of the earth, dust, with the Spirit breathed into him. Eve was made from the elements of Adam who was made from the elements of the earth.

The Hebrew word for "water" is "mem-yud-mem". The Paleo Hebrew pictures mem as water, waves, and yud as a hand. Yah's hand made the water. In this Hebrew word Yah shows us His creation.

The Hebrew word for "heavens" is "hashamayim", it includes "mayim" which means water. There is nowhere in Genesis where water is explained as created. This is probably because Yah is life and water represents life. You often hear the first thing scientists look for when they are looking for other planets that may contain life, is water. Yah's water is the necessary element for life.

Yah's word is life; it creates life. Likewise His Torah gives life. His spoken word becomes tangible, a substance, an entity, flesh (John 1:1,14).

The first letter of Genesis is "bet", which in Paleo (picture) Hebrew, is a picture of a house. The first thing Yah wanted to do for mankind was give him a house to dwell in. He wanted to create for him a place to exist. When you consider that Yah's Temple was called a "House Of Prayer", it makes sense.

When Yah created the world He separated the waters from above from the waters below. This is symbolic of Yah's Torah compared to the Word of man and nations. **Gen. 1:6** *Then Yahveh said, "Let there be an expanse in the midst of the waters, and let it separate the waters from the waters."* The waters were divided from above (Yah's realm..heaven) and below, man's realm of knowledge.

The tree in the garden had a mixture of two things; the knowledge of good and evil. The tree of life had one thing, life (the revelation of Yah Gen. 3:1-7).

Created things reproduce what they are; for example; an apple tree creates apple seeds which become apple trees when grown. Mixtures can create but they usually create mutations and sterility.

The tree of life represents Yah's Spirit and our spiritual connection for life. The other tree represented our fleshly desires given to us through our five senses, the leading of the flesh, and our sensual knowledge. The two trees were put there in the garden to remind Adam and Eve of their choice to either love and obey Yah, or not. Obedience shows love (John 14:15).

The moment Adam ate of the mixed tree his spiritual connection for guidance was changed, he spiritually died. That was the death of Adam as the image of Yah. Adam's very nature and image were changed, no more was Adam manifesting the revealed will of Yah or the revelation knowledge of Elohim. Adam was from that time forth manifesting his own knowledge, thoughts, and feelings based upon his sensual contact with the world around him. That is the true meaning of the fall of Adam.

Adam and Eve produced mixed seed, that of Cain and Able, because of the fruit they ate. When Able made his offering it represented dominion over the animal nature. When Cain offered up his sacrifice of fruit it represented harvest, not dominion. Instead of Cain doing right and offering up something showing dominion over animal nature, he acts like an animal and kills his brother Able, which represented his lower nature (Gal. 5:16-17).

Over time man then continues to do as Adam did. Man makes decisions not based on Yah's infinite wisdom, but on his ability to choose what appears to be good or evil. Every wrong choice causes problems. There are consequences for sin, lawlessness is sin (1John 3:4).

The Bible is unique in its content. The Bible's perspective of the universe, man's existence and man's origin is described from an external observation point outside of the created dimension, which is unique in religious works. John 1:3, Col. 1:16-17 & Hebr. 7:3 speak of Adonai being above time and space. **Job 26:7** speaks of Yahveh suspending the earth in space: **"He suspends the earth over nothing"**, something that until modern times required an external viewpoint to comprehend. The Bible alone among religious works clearly states that time had a beginning. **Gen. 1:1** ***In the beginning Yahveh created the heavens and the earth.***

Prophecies described in the Bible were accurately fulfilled centuries later. No other religious writings have such accuracy of prophecy fulfilled. Scientific facts in the Bible are accurate far beyond human knowledge of science at the time they were written. Scientific facts in other religious writings are no where near as accurate. The Bible is historically accurate as well. Archaeological discoveries substantiate Bible accounts. **1Cor. 2:14** ***But a natural man does not accept the things of the Spirit of Yahveh, for they are foolishness to him; and he cannot understand them, because they are spiritually appraised.*** Man has decided to live by his senses so Yah tries to relate to us in those sensual terms. Because of man being lead by his senses he cannot discern spiritual things properly. The Torah is the image of Yah made sensual.

The mixed tree was symbolic of the mixed Word of Yah and of man. Do we follow the mixed word of Yah and man or the pure word of life? If we decide to eat of the mixed tree we will become as God's: **Gen. 3:4-5** ***And the serpent said unto the woman, Ye shall not surely die: For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil.*** (KJV)

If you want to know what something in the Renewed Testament means, go look in the dictionary, the Old (Early) Testament. Many people claim there is but one author of scriptures yet they read only the New Testament. Their theology contradicts there ways.

DASYD MINISTRY "DO AS YESHUA DID" dasydministry.org Jerry Hennig (Feb/25)
Excerpt from the Bible Basics Book.
